

Spring 2021

Dear Patient,

We are excited for the coming year with the blooms of Spring, warmer weather and (*hopefully*) a return to being closer.

We continue to adhere to a **strict infection control** protocol. Our patients have felt confident in our commitment to these measures and in referring friends and family for a safe, comfortable experience.

Patients also appreciate our **advanced imaging technology**, which is beneficial for revealing once-obscured areas of concern. Through this, we are often able to reduce treatment requirements, optimize comfort, and reduce healing time.

Just a reminder to take extra good care of **your oral health**. A healthy mouth is a research-proven asset to your overall health and supports the immune system.

Be committed to your at-home oral hygiene routine, regular dental check-ups and cleanings, and limit acidic and sweet foods and beverages.

As always, thank you for entrusting the health and appearance of your smile to our care.

Dr. Ban Barbat & Team

RECENT HAPPENINGS

NEW ONLINE VIDEOS: For brief explanations of several advanced features, new videos are available on our web site. In each, I'll guide you through options that include Dental Implants, TMJ Therapy, Sleep Dentistry, and Advanced Technology as well as an instructional video on easy Flossing techniques. Access these by going to the bottom of our Home page at:
WhereLastingSmilesBegin.com

SPONSORSHIPS: We are pleased to continue our community support through Shelby Township Parks & Recreation. Two upcoming events are:
✱ MAY 14: Princess Fantasy Fun Night
✱ AUG. 14-15: Annual Art Fair

BREATHE EASY: In addition to PPE adherence for patient and staff safety, our office has gone a step further. Our advanced air filtration encompasses our entire HVAC using UV devices with additional air filtration devices in treatment rooms.

NEW PATIENTS WELCOME: We are always happy to accept new smiles and greatly appreciate your recommendations to friends and family!
